Security Questions

Security Question: What was your first pet's name

Security Answer

Your registration code will display here.

Enter an account nickname for quick reference from the dashboard.

Enter your existing email.

Input a new password. A strong password will contain at least 1 uppercase letters, 1 lowercase letters, numeric characters, 1 special characters and be at least 10 characters in total length. This complexity is suggested, but not required.

Select a security question from the drop down and set your answer.
Information entered **MUST MATCH** the same information you either provided to SLHA, or what SLHA currently has in its records for your account.

Personal Information

First Name: Joe
Last Name: Smith
Tax ID/SSN*: [Blank]
Phone (Home): (800) 866-1124

Select all images with a billboard.

Select the images it asks for. Here is an example of one of the tests.

When completed, select verify. If you get an "invalid security characters" error, simply re-do the test.
